

SPORTING NEWS
New York, Feb. 16.—When the sleek and prosperous magnates of the United League gather at the Fifth Avenue hotel a few weeks hence, they will devote several hours of their more or less valuable time to the consideration of the contract problem.

Many forms of contract will be submitted to the worthy gentlemen who run the game, and one of them will be adopted as the official contract of the league. Just now the contract most in favor is the one used by the Chicago club last year. This paper, stripped of its legal dressing, calls for twelve monthly salary days in every year. In other words, the player receives his princely stipend in twelve, instead of seven divisions.

Jim Hart, of Chicago, says that the new contract is a gem, and that he will do his best to have it adopted at the coming meeting. The western delegates will vote as a unit in its favor. By the wise provision of the Chicago contract a player will have no opportunity to "touch" his club for advance money. This will prove a pleasant novelty for the club owners. Of course the players will object, but this is certainly not the players' year, and their objections will count for naught.

There are players, and their names are many, who always insist that \$500 or \$1,000 of their salary be paid while the snow is on the ground and the active season is two or three months removed. That celebrated cripple, Mr. Buck Ewing, has always asked for \$1,500 or \$2,000 in advance, and has never been refused. Just how he will take to the new condition of things time alone can tell.

As to the pitchers, Haddock and Lovett draw big salaries. Young Inks and Hart can be signed at reasonable terms, and Dave Foutz, if signed at all, must consent to a considerable reduction. Caruthers will be in the same box. Tom Daly and Con Dailey will draw big money, but Kinslow will suffer a cut in his wages.

There is nothing new to chronicle in the camp of the Giants. Manager Powers is handicapped by the lack of money, and the work of "shaping up" the team progresses slowly.

The active management of the Cincinnati club affairs will be left to an executive committee of three—Messrs. Brush, Lloyd and Ellison.

Jack Sharrot started in like a cyclone last season, but his arm snapped, and the Giants, who had led the league, dropped down, down, down. Now they say Sharrot is all ready to jump in and duplicate his good work.

Pittsburgh's club house is to be remodeled and the small rooms converted into one big apartment. It is charged that some of the players used one of the rooms for beer storage when the manager wasn't about last season.

FITZSIMMONS-MAHER.

Bob in Active Training and the Interest Increases as the Fight Comes Near.

NEW ORLEANS, La., Feb. 16.—As the time for the Fitzsimmons-Mayor contest approaches, March 2, interest in the event increases. Billy Madden writes from Maher's training quarters that his charge is improving every day; does his work kindly, and that when he reaches New Orleans next week Maher will be in as fine condition as any man well can be.

A New Orleans delegation visited Bay St. Louis yesterday, and took in Bob Fitzsimmons and his trainer, which covered everything from boxing Vaquein the Big, to cutting down trees and reducing them to cord wood, with breathing up a hundred pound weight on his chest thrown in by way of a novelty in the matter of training, all of which shows that Bob is taking a very lively interest in his little transaction with Maher, which will make him a very great man in the pugilistic world if he wins, without any risk to his reputation if he loses, inasmuch as Bob, as a middle weight is going out of his class to meet a heavy weight, notwithstanding heavy weight figures suit him best and should properly be his class. Bob is piling on flesh, while Maher is taking it off, and there will probably not be more than a few pounds, if any, in the difference in their weight, as Maher will go in at less than 170 pounds.

The Olympic Club people now regret that their amphitheatre will not hold 10,000 people, the indications now being that double the number of seats they have for the great event could be sold.

Both Needham and Ryan, who are to meet on the night of March 2 before the Metropolitan Club, are doing their level best in the matter of preliminary training, and according to all indications will leave nothing undone to be in as perfect physical condition as the laws of nature will admit. Interest in the contest is steadily increasing, and the prudent patron of this character of sport is getting in his work to the extent of securing his reserved seat.

Your Blood
Undoubtedly needs a thorough cleansing this season to expel impurities, keep up the health-tone and prevent disease. You should take Hood's Sarsaparilla, the best blood purifier and system tonic. It is unequalled in positive medicinal merit.

Hood's Pills are purely vegetable perfectly harmless, effective, but do not cause pain or gripe. Be sure to get Hood's.

WILL BE SHOT LIKE DOGS.

Political Prisoners in Mexico Who Will Never Reach Their Destination Alive.
DEMING, N. M., Feb. 16.—Within the next few days sixty-seven of the prisoners under arrest for participating in the recent revolt at Ascension will be taken to the city of Chihuahua for sentence. The journey, a distance of over 300 miles, will be made on foot. A guard of 210 infantrymen will accompany the prisoners. It is generally understood among the soldiers that Marquiso Duran and another captive, who were among the active leaders of the rebellion, are never to reach their destination alive. An opportunity will be given them to escape, and while the attempt is being made the men will be shot down like dogs. If they refuse to fall into this trap the leaders will be quietly done away with in a manner known only to the officers, and report made that they were shot while trying to get away.

THE TENNESSEE WAR.

Miners and Troops Skirmishing—Outrages by the Soldiers.
COAL CREEK, TENN., Feb. 16.—Company G of the Second regiment Tennessee guards, consisting of eighty men, a gatling gun and a six-pound howitzer, commanded by Capt. Kitter Anderson, is in a strong position commanding the town and railway approaches. A number of shots are exchanged almost every evening between the miners and troops. Several miners are reported to have been wounded, and serious trouble is expected to occur at almost any moment. Both sides are confident of victory. The troops are acting very insolently toward the citizens. The postmaster was fired upon Thursday night and driven into his house.

A DESPERADO DEAD.

He Confessed to Many Crimes and Professed Death to Punishment.

SAN ANTONIO, TEX., Feb. 16.—A criminal career of note was terminated here to-day in the death of one James Styck, who confessed before dying that his real name was James Hicks, and that he was from Troy, N. Y. Styck was sent to the poor farm several days ago for vagrancy, but was shot in the knee while making a desperate attempt to escape. After his leg had been cut off, Hicks tore the bindings off his wound and struggled until he died from loss of blood and exhaustion. He was a desperate but good looking man. He confessed having committed various desperate deeds, saying he preferred to die rather than to be held to answer for them.

BREWERY WAR OVER.

And the Beer Men of the West Will Now Reap Some Profit.

INDIANAPOLIS, IND., Feb. 16.—The widespread brewery war that has been waging in Ohio, Indiana, Missouri, Kentucky, Wisconsin and Illinois, is about to be settled. This contest has brought down the price of beer to the lowest price ever reached. It is said that all parties have now had enough and the peace measures are hailed with joy by all brewers. The plan is in the form of a compact by which the price of beer will be regulated and the price will afford a profit. Much of the beer has been sold at a loss lately. It is proposed to make the price \$7 per barrel. The breweries interested in this compromise include every brewery in Indiana, Cincinnati, the Anheuser-Busch Co. of St. Louis, and Pabst and Schlitz breweries, of Milwaukee. The Illinois breweries have not yet acquiesced this settlement, but as their trouble is largely local, it is hoped that they will favor the compact.

CHURCH FAST DAYS.

Catholics to be Absolved from Observing Them This Year.

CINCINNATI, Feb. 16.—Under an order of Pope Leo XIII, dated at Rome January 14, 1892, giving Roman Catholic clergy in regions where influenza prevails authority to absolve the faithful from fasting and abstinence on certain days and seasons, Archbishop Elder has promulgated an archbishopric decree in every church in his diocese granting this apostolic indulgence. This not only abolishes the fast Friday, but other church fast days. Prominent Roman Catholics say that those familiar with the slowness with which papal orders are revoked incline to believe that most of the fast days will never be resumed.

Bishop-Elect Horstmann's Consecration.

PHILADELPHIA, Pa., Feb. 16.—Rev. Dr. Horstmann, bishop-elect of Cleveland, will enter on an eight day retreat to-day in preparation for his consecration, which will take place at the cathedral here on February 25.

The consecration will be Archbishop Elder, of Cincinnati, and the sermon will be preached by Archbishop Ryan. In the evening Dr. Horstmann will officiate as bishop at vespers and the sermon will be preached by Archbishop Corrigan, of New York. Cardinal Gibbons and a number of other prominent prelates from all over the United States will be present at the consecration ceremonies.

IT MAKES THE DEAF HEAR.

SUCCESS OF A NOVEL INSTRUMENT.

The Mysterious Restoration of Deafness by an Unseen Device—Old Theories Successfully Applied.

During the past few years there have been many rumors of the restoration, in some mysterious way, of the hearing of those who were known to have been deaf for many years. This had led to an investigation by those interested, and it has been found that this happy change has been made by the use of a most simple, yet ingenious device, which was invented by a gentleman in Bridgeport, Conn., named C. H. Wales. This device is the same to the ears as are glasses to the eyes, and is simply a soft rubber disc, arranged on a rubber spring, and so shaped that when inserted in the ear it will focus the waves of sound on the natural drum, thus increasing the vibrations of the latter.

The possibilities of a device of this nature have long been known, but many attempts to use this knowledge have been such utter failures that it was considered beyond our present knowledge of the ear to make a practical instrument of the kind. Consequently when this device was first invented, not much attention was given the same, as it was thought to be merely an old enemy in a new dress; but gradually this slight prejudice was dispelled, until, at the present time, most physicians and aurists look kindly upon the instrument, and seem pleased at the success it is meeting.

At a recent interview, Mr. Wales made the remarkable statement that, to his knowledge, the device which he calls Sound Disc, had never failed where relief was afterwards obtained by any medical, surgical or mechanical means, excepting a powerful ear trumpet, which he says is more powerful than his device. It would seem to be an ideal device for the deaf, as it is worn in the ear, out of sight, for months at a time, and as far as we can learn, is pronounced safe and comfortable for the patient. Many times it has proven itself to be an advancement in the science of acoustics by relieving the most obstinate cases which had defied medical treatment for years.

What may be the ultimate result of the use of this device—whether the results thus far obtained will warrant its use in such a variety of cases that it will stop the progress of deafness in the future to such an extent that it will avoid the use of ear trumpets we can not say; but the desirability of a device of this nature, as regards its safety, its benefit and general comfort to the user, none will fail to admit.

THE GAUT CASE.

Detective Murphy Must Now Pay for His Enterprising Work.

GREENSBURG, Pa., Feb. 16.—The jury in the sensational Gaut arson case rendered a verdict this morning and acquitted Detective W. R. Gaut, placing the costs, aggregating over \$1,000, on Detective Murphy, the prosecutor. Gaut was a young man of good character, and was charged with burning his mother's house for \$12,000 insurance.

"The Burglar."

Of this play, to be seen at the Opera House this evening, the Albany Journal says: At the Leland that most excellent comedy-drama, "The Burglar," was produced to a full house. The points and situations of the play have pleased Albany audiences before. Mr. Lipman's impersonation of Bill Lewis, the burglar, was a masterpiece of acting, and he has deservedly won for himself an artistic reputation. The part of Alice, by Miss Otologuzi, was carefully handled, and her peculiar style of acting elicited much praise from a critical audience. Little Irene Franklin, as Editha, was excellent, and shows careful training in the trying scene in the third act with Bill Lewis.

Webber's Uncle Tom This Afternoon.

At the Grand this afternoon Webber's Uncle Tom's Cabin company will open their engagement with a grand matinee. This company claims to produce the old-time drama on a grand scale. The seats are going off at a lively rate, and the matinee this afternoon promises to be the largest in the history of the Grand. The prices this afternoon will be as follows: Orchestra chairs thirty-five cents; dress circle twenty-five cents; children fifteen cents. Seats are now on sale at Genth's.

"Two Old Cronies" Coming.

Frank N. Willis's Two Old Cronies company, which made such a hit here three years ago, will appear at the Grand Friday and Saturday evenings of this week. The company is said to be better than ever, and they are sure to do a great business. Seats will go on sale at Genth's on Thursday morning. Those interested should bear this in mind, as there is sure to be a great demand for them.

Dyspepsia

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 102 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion."

I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as it had cured his wife of dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."

CURES ALL DISEASES!

Consumption Cured.
"I believe it to be one of the best medicines sold. The physicians, two years ago, said my wife had consumption, both lungs affected. I have had to send her South for several springs to keep her alive, but since she has been taking Radam's Microbe Killer she has been right at home attending to her business, and is in better health than she has been for 20 years."
"R. T. POOLE, Cedarhurst, Ga."

Several Diseases Cured.
"I cheerfully testify to the curative powers of your medicine. Having been a sufferer from weak lungs, bronchial affection and indigestion, after taking Microbe Killer all of the above symptoms have entirely disappeared."
"Yours, etc.,
"Janitor Howard Memorial Library,
New Orleans, La."

Asthma and Catarrh Cured.
"I have been a sufferer from asthma and catarrh for more than two years past, getting most of my sleep sitting up in bed or reclining in a chair. I have used one jug of Radam's Microbe Killer, and for the last three weeks have been sleeping naturally, soundly and sweetly as a child. I attribute my relief to the remedy, and heartily recommend it to any one suffering from asthmatic or catarrhal trouble. Respectfully,
"E. W. MOONING,
"Cashier in Bank of Adelaide, Ga."

Fever and Flux Cured.
"I cheerfully testify that after taking Microbe Killer for fifteen days I am entirely cured, after being sick two years with malaria fever, and during which time I contracted other diseases, flux, etc. I was attended during the time by three of the best doctors of the city without benefit."
"10 Celeste St., New Orleans, La."

ONE CENT A DOSE.

Nobody likes being sick, yet many are willing to be so rather than face a heavy doctor's bill. But what's the use of suffering at all when relief and cure may be purchased at the rate of one cent a dose, by using Burdock Blood Bitters, a medicine that is guaranteed to cure or relieve all diseases of the stomach, liver and bowels. Two great sources of disease are Dyspepsia and Constipation. They cause Headache, Biliousness, Dizziness, Palpitation and Impure Blood, which in turn causes pimples, boils, blotches, tumors, scrofula and similar diseases, thus affecting the entire system. I guarantee Burdock Blood Bitters. It faithfully used according to directions, to cure Dyspepsia and Constipation and all diseases springing from them, and will refund the money to any person not satisfied after using the whole or part of the first bottle.
